Dated 16th December 1858.

Not to be folded or roughly handled

16

Fort Saint George, Marine Consultation, 21st December 1858.

No. 2. From J. J. FRANKLIN, Esq., Superintendent of Marine ; to T. PYCROFT, Esq., Chief Secretary to Government, Fort Saint George, dated 13th December 1858, No. 4967.

SIR,

In returning the accompanying Plan of the Lighthouses proposed to be built on Carwar Head, the Oyster Rocks and at Tuddri with Sketch showing the site of the latter, both of which were forwarded with Extract Minutes of Consultation of the 1st Instant, No. 473, I have the honor to state that an addition will be required of a house for the accommodation of a Superintendent at Carwar Head ; for this being a promontory and the light being one which will be looked for by Vessels passing up and down the Coast, it is necessary that a competent person should be appointed to see that it is kept in the fullest state of efficiency, as any inattention might result in serious disaster.

2. It will however be time to take this into consideration, when the Lighthouses themselves have been commenced, and it is not necessary that their construction should be delayed pending the additional Estimate.

3. The position of the Tuddri light seems to be well chosen, as might be expected from the site having been selected by Lieutenant Taylor.

No. 3. ORDER THEREON, No. 493 ; dated 16th December 1858.

Communicated to the Public Works Department in reference to Extract Minutes of Consultation, 1st December 1858, No. 473.

(Signed) T. PYCROFT,
Chief Secretary.

N^o 4967

From

J. I. Franklin Esq.
Superintendent of Marine

To

J. Pycroft Esq.
Chief Secretary to Government
Fort Saint George

Sir,

In returning the accompanying plan of the lighthouses proposed to be built on Carwar head, the Oyster Rocks and at Tuddri with sketch shewing the site of the latter, both of which were forwarded with Extract Minutes of Consultation of the 1st instant, N^o 473. I have the honor to state that an addition will be required of a house for the accommodation of a Superintendent at Carwar head; for this being a promontory and the light being one which will be looked for by vessels passing up and down the Coast, it is necessary that a competent person should be appointed to see that it is kept in the fullest state of efficiency, as any inattention might result in serious disaster.

Y^{rs}

2 It will however be time to take this into consideration when the lighthouses themselves have been commenced, and it is not necessary that their construction should be delayed pending the additional estimate.

3 The position of the Tuddri light seems to be well chosen, as might be expected from the site having been selected by Lieut. Taylor.

I have the honor to be,
Sir,

Madras.
