G.O. No. 99

Press
Mis.

Dated 2. 3.

1858

Not to be folded or roughly handled

Fort Saint George, Marine Consultation, 2nd March 1858.

No. 17. From Captain WILLIAM W. POINGDESTRE, Resident Engineer; to T. PYCROFT, Chief Secretary to Government, Fort Saint George, dated Galle, 24th February 1858.

SIR,

Owing to the heavy demands lately made on the resources of the Dockyard Establishment at Bombay, some Mooring Buoys indented for to be placed in the vicinity of the Basses Rocks have not been furnished, and as there is no chance of their being available for some time, I have the honor to request that the Marine Board of Madras may have instructions to furnish a few, should there be any to spare for this important work, as it is absolutely necessary that some should be placed there, during the fine weather expected next month, and there would appear to be no possibility of procuring others elsewhere. A letter to the Marine Board stating the number, sizes, &c., has been forwarded by this Mail.

No. 18.

ORDER THEREON No. 99; dated 2nd March 1858.

Ordered to be communicated to the Marine Board, who will supply, if possible and with all despatch, the Mooring Buoys applied for by the Resident Engineer at the Great Basses.

(Signed) T. PYCROFT,
Chief Secretary.

No 99

Ordered to be com-
municated to the Marine Board,
who will supply if possible &
with all despatch the mooring
Buoy applied for by the Revi-
sion Engineer at the Great River
