

Fort Saint George, Marine Consultation, 28th March 1859.

No. 11. From J. J. FRANKLIN, Esq., Superintendent of Marine; to the Chief Secretary to Government, Fort Saint George, dated 23rd March 1859, No. 1245.

SIR,

I have the honor to solicit instructions regarding the disposal of the Civil Stores described in the accompanying Packing Account of the Ship Tartar. They comprise Meteorological Instruments for different Stations in Burmah and the Tenasserim Provinces, and the Astronomer has been requested to take charge of them on arrival. While expressing his readiness to examine them, he however recommends that they should not be unpacked here, but should be sent over to Rangoon and Moulmein as received, which would lessen the risk of damage from being moved about at Madras, and from repacking.

No. 12. ORDER THEREON, No. 108; dated 26th March 1859.

The Government concur in the view taken by their Astronomer.

The Superintendent of Marine will accordingly forward the Instruments to Rangoon and Moulmein by the first eligible opportunity which he will report and the Commissioners at those places will be requested to arrange for their further distribution.

(Signed) T. PYCROFT,
Chief Secretary.
