Please see the order passed on this letter.

It does not occur to me of what
advantage it would be to furnish 6
copies of each of these charts to the Colon
and Civil Engineer of all Maritime
Districts - of this is what is meant -
There are 12 Coast Districts - besides
Madras - so that this would approx-
imate $12 \times 6 \times 2 = 144$ copies of each
chart -

Of what use is the chart of India
or Bay of Bengal likely to be to the Colon &
Engineer of India? -

I would suggest that 100 copies
 of the first Western Coast Charts be
 sent to Bombay for 6 of each to
 the Coll & Civil Engⁿ of Malabar &
 Canara - and a like number to the
 Director of Revenue & Colln.
 The copies might be kept in the
~~the Central~~ office of the
 office of the Coll & Civil Engⁿ & for
 the Sup of Marine.

This would dispose of
 $100 + 6 \times 5 + 10 + 5 + 5 = 150$ copies
 of each - The rest might be sent
 for sale at the prices suggested &
 advertised in the gazette accordingly -
 The copies of the Keyport chart should be given to the

In Comrade -
 50 copies might be sent to
 for of Bombay.
 100 - do to that of Bengal -
 6 to each of the Coll & Civil Engⁿ
 of the Eastern Coast Dist^s Madras
 Tanjore - 5 each. Malabar
 for too - 6 each.
 Rajahmundry - 10 each
 $6 \times 2 + 9 = 100$
 100 -
 10 - Central Office
 5 - for office
 5 - Sup^y of Marine -

 $270 -$
 $450 - 270 = 172$
 for sale to the public.
