MILITARY DEPARTMENT.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following letter :—

From the Superintendent of Marine, Madras, 27th July 1859, No. 2973; to the Secretary to Government, Military Department, Fort Saint George.

I have the honor to forward the accompanying scheme for effecting the relief of the next season which has been prepared in communication with the Quarter Master General of the Army, and has his concurrence, and to solicit authority to carry it into effect.

2. It will be seen that it is proposed to employ the "Australian," "Tubal Cain" and "Sesostris;" the two former are now at Calcutta, the Steamer undergoing repair to her boilers: the latter which has been changed from a Steamer into a sailing Vessel is the Store Ship at Port Blair. It will be necessary that applications be made to the Supreme Government for these Vessels; the two first to be at Cocanada with provisions for a Native Regiment to be embarked on the 2nd of January; the last to be at Madras about the 25th or 26th of December.

3. There may, however, be some objection to the "Sesostris" leaving Port Blair. Should this be the case a sailing Ship must be engaged; unless the "Prince Arthur" is sent round from Bombay.

4. The Government will likewise perceive that after the "Sydney" has carried over her portion of the 2nd N. I. in September from Madras to Rangoon, I propose that she should proceed to Calcutta to be docked. Her bottom is now very foul and requires cleansing before the hard work of the season commences. The Supreme Government will have to be requested to send her back to Rangoon in December, so as to be prepared to embark troops on the 30th of that month.

Proposed movements of Steamers and transports to meet arrangements for the packet service and the relief of the next season.
