*Fort Saint George, Marine Consultation, 8th February 1859.*

No. 4. From Commander F. W. HOPKINS, I. N., Commanding Her Majesty's Steamer "Dalhousie;" to T. PYCROFT, Esq., Chief Secretary to Government, Fort Saint George, dated 29th January 1859, No. 15.

SIR,

I have the honor to report for your information that the period of Service for which the Engineers of the Vessel under my Command agreed to serve expired on the 13th June last, and to forward the copy of a letter received from the Commander-in-Chief, Indian Navy, in reply to an application for Engineers by Lieutenant Hellard stating that the number of Engineers now in Bombay were insufficient to meet the wants of the Service. I have therefore the honor to request that an order may be issued sanctioning the Services of the Engineers for a further period of six months commencing from the 1st July—as the Accounts of the Vessel cannot be passed till the order has been forwarded to Bombay.

From Commodore GEORGE G. WELLESLEY, Commander-in-Chief, Indian Navy; to the Officer Commanding the H. M. S. Vessel "Dalhousie," dated Bombay, 6th April, No. 1212 of 1858.

SIR,

I have to acknowledge the receipt of your letter, No. 72, dated the 22nd Ultimo, with its enclosure; and, in reply, have to acquaint you, that the number of Engineers available for duty on this side of India is not even sufficient for the wants of the Service; it is not therefore in my power to detach any for duty on board the Vessel under your Command.

No. 5. ORDER THEREON, No. 41; dated 3rd February 1859.

The Right Honorable the Governor in Council sanctions on the ground stated at the conclusion of Commander F. W. Hopkin's letter, his having engaged Mr. J. G.
