Fort Saint George, Marine Consultation, 8th March 1859.

No. 3. EXTRACT FROM THE MINUTES OF CONSULTATION in the Public Works Department
(Military,) under date the 26th February 1859, No. 457.
(Vide Diary to Public Works Consultation, 1st March 1859, Nos. 8 and 9.)
(Regarding the removal of the Coal temporarily stowed in Clive's Battery.)

No. 4. ORDER THEREON, No. 69; dated 3rd March 1859.
Communicated to the Superintendent of Marine.

(Signed) T. PYCROFT,
Chief Secretary.

Exd. J. A. Wilson.

PUBLIC WORKS DEPARTMENT.
Military.

No. 457.

Extract from the Minutes of Consultation under date the 26th February 1859.

Read the following Extract from the Minutes of Consultation in the Military Department.

Communicating letter from the Town Major with its enclosure regarding the removal of Clive's Battery, and the Black Town Bastion and Rampart running westward of the road leading to the Railway Station. (Here enter 27th January 1859, No. 398.)

The foregoing Extract communicates a letter from the Town Major, with its enclosure from the Acting Commandant of Engineers, in reply to the reference made in Extract from the Minutes of Consultation of the 21st December 1858, No. 2745, as to whether any objections exist to the removal of Clive's Battery and Bastion and Ramparts westward of the road to the Railway Station, as recommended by the Committee recently appointed to report on certain projects for improving the communication between the Custom House and the Railway Terminus.

2. For the reasons assigned by the Acting Commandant of Engineers in para. 5 of his letter to the Town Major, the Government fully agree with him as to the inexpediency of removing Clive's Battery.

3. In para. 7 of his letter, the Acting Commandant states that he has requested the Superintendent of Marine to remove the Coal which has been temporarily stowed in the Battery. If this has not already been done, the Government desire that immediate measures may be taken to that end, in view to the Battery being armed as intended by the Acting Commandant.

4. Under the circumstances stated in the latter part of para. 8, the Government are not prepared at present to sanction any further demolition of the Town Bastion and Ramparts west of the Battery, and they do not consider it necessary for facilitating the communication in that direction.

5. The Government resolve to call the attention of the Chief Engineer to para. 3 of Extract from the Minutes of Consultation of the 21st December last, and to request an early reply to their requisition as to the cost of purchasing and removing the buildings on the beach there referred to.

(A true Extract.)
