PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following Endorsement of the Chief Engineer, dated Chepauk, 22nd February 1862, No. 10,873.

Read the following letter from Major J. F. STODDARD, Acting District Engineer Godavery, to Lieutenant-Colonel F. H. RUNDALL, Acting Deputy Chief Engineer, Northern Circle, dated Camp Gunnaram, 1st January 1862, No. 1,094 :—

SIR,

1. I have the honor to acknowledge the receipt of the Proceedings of the Madras Government, No. 596, dated 2nd December.

2. In my letter of the 30th September last, No. 777, I requested that the amount required for putting up the Paumben Tug might be placed at my disposal, as the funds of the District could not bear the extra charge. Captain Franklin, however, in his letter to the Chief Secretary to Government states that only 5,000 Rupees had been provided in the Marine Supplementary Estimate for the current year, but it does not appear whether even this limited sum is to be paid to the credit of this District. I imagine not. As this sum is far short of the requirements during the current year on account of this vessel, and as already mentioned the funds placed at my disposal for Public Works are insufficient to meet this extra charge, I have the honor to request that the Chief Engineer will address the Government again and obtain their sanction for the sum of Rupees 16,732 the probable expense of putting up the vessel up to 30th April, as per margin, being placed at my disposal from the port or any other funds.

Expended up to 31st December 1861.....	RS. 10,732
Probable sum up to 30th April at 1,500 Rupees per month.....	6,000
Total..	16,732

Submitted to Government with the recommendation that the sum of Rupees 16,732, being the amount which will probably be spent up to 30th April 1862

1 Original letter, No. 1,094, dated 1st January 1862.

in putting together the Paumben Steam Tug, under the orders of Government, dated 2nd December 1861, No. 596, may be authorized to be placed at the disposal of the District Engineer Godavery, from the balance of Rupees 24,397 reported to be available for appropriation, in letter dated 12th February 1862, No. 10,513.
