*Proceedings of the Madras Government, Marine Department,
for the month of April 1860.*

No. 5. Read the following letter from J. J. FRANKLIN, Esq., Superintendent of Marine, to T. PYCROFT, Esq., Chief Secretary to Government, Fort Saint George, dated 21st April 1860, No. 1,984.

I have the honor to acknowledge receipt of the Proceedings of Government of the 2nd instant, No. 141, forwarding plan of the Paumben Channel drawn up by Major Horsely in 1850, for comparison with the Chart published in 1850-51, and to state that this is no guide for correcting the configuration of the Coast line in the Port of Paumben; it being simply a record of the soundings taken in the excavated channel. Major Horsely alluded to his draft as a sketch and spoke of its exhibiting some difference in the line of Coast as laid down in Powell's Chart. This is not therefore the one in question, but as stated in my letter of the 9th December last, it is not now required.

No. 6. ORDER THEREON, 24th April 1860, No. 171.

To be recorded.

(Signed) T. PYCROFT,
Chief Secretary.

No 154 No 1984

States that the plan of the
Pamunbe Channel drawn up
by Major Forsyth in 1850 for-
warded for comparison with
the chart published in 1850/51
is no guide for correcting the
configuration of the Coast
line in the Port of Pamunbe
it being simply a record of
the soundings taken in the
excavated channel but that
as stated in his letter of the
9 Decr last the one required
is not now wanted.

No 174 24 April 60.
Is it understood Jp

presented in 1830/31, and to state that there
is no guide for correcting the configuration
of the Coast line in the Part of Pambour,
it being simply a record of the soundings
taken in the excavated channel. Major
Horsely alluded to his draft as a sketch
and spoke of its exhibiting some difference in
the line of Coast as laid down in Powell's
Chart. This is not therefore the one in question,
but as stated in my letter of the 9th December
last, it is not now required.

I have the honor to be
