*Proceedings of the Madras Government, Marine Department,
for the month of May 1860.*

No. 3. Read the following letter from J. J. FRANKLIN, Esq., Superintendent of Marine, to T. PYCROFT, Esq., Chief Secretary to Government, Fort Saint George, dated 4th May 1860, No. 2248.

I have the honor to acknowledge receipt of three sheets of Lieutenant A. Taylor's surveys Nos. 26, 28 & 29, together with the Proceedings of Government of the 28th ultimo, No. 172, and in reply to the inquiry contained in the 2nd paragraph of the Order recorded therein, to state that I do not consider it necessary that more than a few copies should be struck off. No. 26 is a survey of the entrance to the Honore river, and 28, of which 29 is a copy, is that of the entrance to Mangalore river. These would be of little or no service to the general navigator, the water being too shallow for vessels of any size to proceed inside; but it would be useful to have copies kept in the offices of the Collector of the district and the Conservator of the port, as well as in the Engineer's and this department, to be in readiness for reference as occasion required. I would recommend therefore that 30 copies of each be struck off and distributed in the manner marginally noted.

Govt. of Bombay	5
Govt. Office	2

The Superintendent of Marine will forward
St. Taylor's Charts to the Chief Engineer.

The Chief Engr.
" Supt. of Marine } (Supd. 10th)

With an Order,

to the knowledge of the
of the charts of Saint
Taylor's charts of 1826 & 1829
Taylor with the Govt. of Bombay
that these would be of little
use to the Marine Engrs.
but because that 30 copies
of each be struck off & the
number of copies distributed to
the Chief Engineer, the District
Engineers & Engrs. to be in
possession for reference on
occasion required.
