The Steamer "Dalhousie" being shortly expected for service under this Government, I have the honor to suggest that she may be employed to resume the Packet communication between Madras, the Northern Ports and Rangoon.

I propose that she should leave with the Mails two days after the arrival of the next Steamer from Suez, expected about the 22nd, and if the Government authorize this arrangement, it will be necessary that intimation thereof should be forwarded to Commander Hopkins, I. N., who is still in command of the Vessel.
