Proceedings of the Madras Government, Marine Department,
14th June 1860.

No. 28. Read the following letter from Commander F. W. HOPKINS, I. N., Commanding Her Majesty's Steam Vessel "Dalhousie," I. N., to T. PYCROFT, Esq., Chief Secretary to Government, Fort Saint George, dated Madras, 13th June 1860, No. 318.

I have the honor to acknowledge the receipt of the Orders of Government dated the 12th instant, directing Her Majesty's Steam Vessel "Dalhousie," I. N., to be at Colombo on the 27th instant for Sir H. Ward; with reference to which I most respectfully beg to state (that with the permission of Government,) I purpose leaving this on Sunday next the 17th instant for Point de Galle as at this season, I may expect bad weather and a tedious passage. The ship is unsteady and uncomfortable at sea when a great part of the coal on board is expended, and it is therefore advisable that I should touch at Point de Galle, and take in coal going to, or coming from, Colombo as may suit the convenience of Sir H. Ward best. I have now 11 days coal on board which is nearly as much as the ship can conveniently stow, and with a certainty of fine weather there would be no necessity to touch at any place for coal.

2. I also beg to report for the information of Government here that there is no Doctor on board the "Dalhousie" at present, he having gone on shore on Sick Certificate at Calcutta, a First Class Hospital Assistant is the only Medical man at present on board for attendance on the Crew or Troops.

3. With reference to Sir H. Ward and family being conveyed here by the "Dalhousie," I most respectfully beg to know if I am to make arrangements or not for their being accommodated at my table and whether Sir H. Ward is to be considered as being conveyed as Governor or not. I regret troubling you with the above questions, but it is one of very considerable importance to me regarding the table money allowed by Government.

No. 28 A. ORDER THEREON, 14th June 1860, No. 218.

The "Dalhousie" should, if possible, take in at Galle, on her way to Colombo, such coal as she may require.

2. His Excellency Sir Henry Ward will be received on board as Governor and all table arrangements will be made accordingly.

3. Measures will be taken for affording, as far as possible, medical aid to the "Dalhousie" during her approaching trip to Colombo and back.

(Signed) T. PYCROFT,
Chief Secretary.
