* Public Works Department No. 514, dated 10th March 1860.

With reference to paragraph 5 of the Proceedings of Government in the Marine Department,* No. 86, dated 2nd March last, I have the honor to forward the accompanying Plan and Estimate amounting to Rupees (1,620) one thousand six hundred and twenty, received from the Civil Architect, for fitting up the 7 Rice godowns on the North Beach as Quarters and Office for the Marine Police.

2. An Estimate amounting to Rupees 1,330 was first forwarded by the Civil Architect with his letter of the 16th April† last, and provided for the following works:—Whitewashing the walls, repairing the plastering, removing and replacing the tiles, with new chunam borders to the ridge, renewing the brick flooring, with levelling cornices underneath, repairing the cracks in the walls with jelly and chunam, supplying and fixing 5 pairs batten doors, 16 pairs batten window shutters, 5 iron door locks, and 11 teakwood wash boards complete, and repairing and painting the old and new doors and windows.

This Estimate, together with the Plan, was submitted to the Commissioner of Police for approval and countersignature on the 1st May, and in returning the same, Colonel Boulderson requested, in addition to the above provisions made in the Estimate, that 2 glass windows may be supplied to godown No. 7, and sun shades to the doors and windows in godowns Nos. 3 and 7 facing the Beach, and that a small portion of the room in No. 6 godown be screened off for occasional purposes. The Estimate and Plan were therefore returned to the Civil Architect for revision accordingly, and were re-submitted with his letter of the 26th ultimo, No. 475, providing for the additions required by Colonel Boulderson.

3. The accompanying Plan and Estimate have undergone the necessary examination in this Office, and as they have been approved of by the Commissioner of Police, I have to request the sanction of Government to the same for execution from the funds allotted for the current year to the Civil Architect, who states that the work can be completed in three months.

Transferred to the Public Department.

Deputy Secretary to Government.
