*Proceedings of the Madras Government, Marine Department,
6th July 1860.*

No. 13. Read the following letter from J. J. FRANKLIN, Esq., Superintendent of Marine, to T. PYCROFT, Esq., Chief Secretary to Government, Fort Saint George, dated 27th June 1860, No. 3,018.

I have the honor to acknowledge receipt of the Order of Government, No. 224, recorded in their Proceedings of the 22nd instant, sanctioning an outlay of Rupees (2,850) two thousand eight hundred and fifty, for certain repairs to the buildings in the Marine Store Yard. It further appears from the Chief Engineer's letter to Government of the 11th instant, No. 1,468, that this sum is in addition to (1,880) one thousand eight hundred and eighty Rupees already sanctioned in his Office on the 12th ultimo, for repairing the Master Attendant's Office and the three Coal godowns.

2. The Proceedings under acknowledgment convey to me the first intimation, I have received of the proposed expenditure, and I would respectfully submit to Government whether, as the Officer responsible for all outlay in the Marine Department, the estimates should not be laid before me in the first instance.

3. Not having been furnished with the papers which have previously passed, it is not quite clear to me what is the extent of the repairs proposed, but I may observe that the godowns in the Marine Yard are no longer required for coals, which are now stowed in the substantial sheds erected near the Railway terminus, and it may be found advisable to make alterations in the Marine Yard buildings which will render them fit for other purposes, and which if undertaken after the repairs now sanctioned have been completed, may lead to unnecessary expense.

4. With the foregoing remarks, I would solicit that I may be furnished with the estimates for the Marine Yard repairs for my consideration, and that the Master Attendant be instructed to submit all applications through the prescribed channel in future.

No. 14. ORDER THEREON, 6th July 1860, No. 240.

Resolved that the estimate for repairing the Master Attendant's Office, Marine Store Yard, and Coal Godowns, be forwarded to the Superintendent of Marine for his remarks.

2. It does not appear from the Chief Engineer's letter of 11th ultimo, at whose instance requisition was made by the Barrack Master for these repairs. The Government however observe that all applications for the repair of Marine buildings at the Presidency should be made through the Superintendent of Marine as the Head of the Department.

(Signed) T. PYCROFT,
Chief Secretary.

Marine Department.

Proceedings of the Madras Government

Read the following letter from the
Superintendent of Marine.

(Here enter 27 June 1860, p. 3018.)
