*Proceedings of the Madras Government, Marine Department,
17th October 1860.*

No. 46. Read the following letter from J. J. FRANKLIN, Esq., Superintendent of Marine, to T. PYCROFT, Esq., Chief Secretary to Government, Fort Saint George, dated 8th October 1860, No. 4,406.

No. 300, dated 25th August 1860. Referring to Proceedings of Government marginally noted, I have the honor to inform you that the Master Attendant has verbally reported that the Boiler therein mentioned has been recovered and delivered to the Mint Master, principally, as I am given to understand, through the exertions of N. I. Veerasawmy Naick, whose name has so frequently been before Government as a zealous and energetic servant in the Marine Department.

2. Although no report of the circumstance reached me officially at the time, I should not omit to mention here that the recovery of one of the heavy guns lost overboard from the breaking up of a raft on which it was placed in December last was mainly due to the same Officer, and that while employed on this duty he was very seriously injured in the right foot from the heel of one of the sheer legs, by which the gun was being hoisted up, slipping and striking the foot, tearing away the flesh from the instep. It was for some time doubtful whether amputation would not be necessary, for the wound was of a most serious nature. Finally, however, it was healed and Veerasawmy Naick returned to his duties, but he will never fully regain the use of his foot.

No. 47. ORDER THEREON, 17th October 1860, No. 363.

It is observed that the recovery of the Boiler has already been reported by the Chief Engineer, Department Public Works.

2. The Government now, however, find from the letter of the Superintendent of Marine that the recovery was mainly effected through the exertion of N. I. Veerasawmy Naick, whose name has so frequently been before Government as a zealous and energetic servant in the Marine Department.

3. The Government regret to learn the injury sustained by this valuable public servant in December last, as mentioned in the last para. of Mr. Franklin's letter.

(Signed) T. PYCROFT,
Chief Secretary.

Exd. F. Cartledge.

Marine Department.

Proceedings of the Madras Government.

Read the following letter from the
Superintendent of Marine.

Here enter 8th October 1860. 1860.

Order thereon 17th October 1860. N^o 363.

It is observed that the
recovery of the boiler has al-
ready been reported by the
Chief Engineer Dept. P. Marks.

2. The Government now
however find from the letter of
the Superintendent of Marine
that the recovery was mainly
effected thro' the exertion of
N. S. Veerasawmy Naick,
whose name has so frequently
been before Government as
a zealous and energetic ser-
vant in the Marine Department.

3. The Government
regret to learn the injury
sustained by this valuable
public
