*Proceedings of the Madras Government, Marine Department,
24th October 1860.*

No. 66. Read the following letter from Commander F. W. HOPKINS, I. N., Commanding H. M.'s Steamer "Dalhousie," I. N., to T. PYCROFT, Esq., Chief Secretary to Government, Fort Saint George, dated 23rd October 1860, No. 461.

I regret having to bring to your notice that Mr. R. J. Bunting, 3rd Class Engineer, sent from the shore for duty on board is so ill that he has to go to Hospital, and except two Engineers can be sent from the shore, the vessel cannot proceed to Rangoon if wanted.

I understand, that Mr. W. C. Hannaford, 3rd Class Engineer, belonging to this vessel is working in the Engineer's Department on shore here, and if so, I beg to request that he may be sent on board as soon as possible, and if he returns, only one other Engineer is required in lieu of one now on shore sick, Mr. Bullock. I further beg to state for the information of the Madras Government that I applied some time ago for another Engineer for this Ship as they are so frequently ill from being so constantly at work, but the Commander-in-Chief of the Indian Navy replied that none could be spared.

No. 67. ORDER THEREON, 24th October 1860, No. 373.

The Chief Engineer will be directed to transfer third Class Engineer W. C. Hannaford, to the Steamer "Dalhousie" and also to appoint an Engineer to do duty on board in lieu of Mr. Bullock.

2. Mr. Hannaford will be instructed to join immediately.

(Signed) T. PYCROFT,
Chief Secretary.
