G.O. No.	326	Press ~~Mis.~~
Dated	2. 11.	1860.

Not to be folded or roughly handled

14-3-32

*Proceedings of the Madras Government, Marine Department,
2nd November 1860.*

No. 3. Read the following letter from J. J. FRANKLIN, Esq., Superintendent of Marine, to T. PYCROFT, Esq., Chief Secretary to Government, Fort Saint George, dated 31st October 1860, No. 4,698.

Referring to the Order of Government, marginally noted, I have the honor to inform you, that M. Fresnil's Catadioptric Lantern, 28th July 1860, No. 265. therein mentioned has been put up at Paumben, the Column having been raised 15 feet for the purpose; and that it is reported by the Superintendent of Operations there as shewing an exceedingly brilliant light, visible at upwards of 15 miles distance. Captain Gib states that it is said to have been visible at Davipatam, 23 miles off.

2. This Officer is of opinion that about 100 Chimneys (glasses) will be required every year for this light. There is now a supply on hand for about a year or more, but it would be advisable to keep a stock on hand. I would therefore solicit that application be made to the Right Honorable the Secretary of State for about (200) two hundred more.

No. 4. ORDER THEREON, 2nd November 1860, No. 386.

Application will be made to the Home Government for a supply of (200) two hundred Glass Chimneys for use at the Paumben Light-house.

(Signed) T. PYCROFT,
Chief Secretary.

No. 386 of 2 Nov. 1860.

Application will be
made to the Home
Govt. for a supply of
200 Two Hundred Glass
Chimneys for use at
the Paumotu Light
House.
