*Proceedings of the Madras Government, Marine Department,
for the month of January 1860.*

No. 23. Read the following letter from J. J. FRANKLIN, Esq., Superintendent of Marine; to T. PYCROFT, Esq., Chief Secretary to Government, Fort Saint George, dated 26th January 1860, No. 388.

I have the honor to inform you that having forwarded to the Master Attendant copy of the Proceedings of Government of the 17th instant, No. 29, that Officer has furnished me with the accompanying measurements of the rooms in the lower part of the Town Police office, from which it would seem that there is much more space available than the Commissioner of Police supposes.

2. The Master Attendant is exceedingly anxious to obtain the lower rooms applied for, and I can bear testimony that he is much cramped and inconvenienced for want of space. Should the Government be disposed therefore to order that they be vacated by the Police Department, I would solicit that early instructions should be passed thereon, as with the present press of business, consequent on the fitting out of numerous transports to China, the additional accommodation is more than ever required.

3. The Commissioner of Police is averse to the abandonment of a Tannah, looking directly on the sea beach. If this is considered indispensable, a part of the outer end of the Marine yard might be temporarily occupied as a Tannah.

A description of the lower story of the Town Police Court, inspected and measured by H. D. E. Dalrymple, Esq., on the morning of January 25th, 1860.

A spacious entrance from the street and a roomy public stair case which leads up to the Court room. A handsome corridor of considerable height, extending the full length of the lower story, and measuring as follows:—

		F.	I.
Corridor.....	Length	116	2
	Breadth	12	2

	Breadth	19	8

A private stair case from the centre of the corridor to the rooms of the Magistrates above three other short passages not measured by me, and a separate entrance from the street near the west end of the building. The upper story affords excellent accommodation for the Magistrates and the office establishment (as per subjoined list) with the exception of one Summon's Writer, stationed below. Either of the rooms marked Nos. 1 and 2, and one lock-up house No. 6 next the street, will be amply sufficient for the use of the Police stationed in the Master Attendant's office.

- 2 Magistrates of Police.

- 7 Writers.
