

Proceedings of the Madras Government, Marine Department,
for the month of March 1860.

No. 9. Read the following letter from J. J. FRANKLIN, Esq., Superintendent of Marine, to T. PYCROFT, Esq., Chief Secretary to Government, Fort Saint George, dated 23rd February 1860, No. 917.

I have the honor to enclose a list of old anchors and iron fittings which occupy much space in the Marine yard, and which can never be brought into use as they are intended for hemp cables. Some of them may be turned to account at the out-ports, to all of which the list has been sent, and I have to solicit authority for their disposal as indicated in the list, namely, 23 anchors to be supplied to the different ports, and the remainder to be sold by auction, the proceeds being carried to the credit of Government.
