*Proceedings of the Madras Government, Marine Department,
for the month of January 1860.*

No. 9. Read the following letter from J. J. FRANKLIN, Esq., Superintendent of Marine ;
to the Chief Secretary to Government, Fort Saint George, dated 24th December
1859, No. 5134.

I have the honor to inform you that the Master Attendant at Kakináda has brought to my
notice that on his last visit to the Hope Island light house, the Superintendent represented the
great inconvenience experienced from his not having a supply of simple medicines for use on
ordinary occasions, as the distance of the light from Kakináda (12 miles) precludes his availing
himself of hospital aid. The party on the Island consists of 6 people,
and the Zillah Surgeon on the application of the Master Attendant has
prepared a list of medicines, herewith submitted, which will be sufficient
for the purpose required. I would solicit its transmission to the Direc-
tor General, Medical Department, with a request that the several articles
may be supplied and sent to my Office, provided he approves the selection.
