Proceedings of the Madras Government, Marine Department,
18th October 1861.

No. 23. Read the following letter from J. J. FRANKLIN, Esq., Superintendent of Marine; to J. D. SIM, Esq., Secretary to Government, Marine Department, Fort Saint George, dated 14th October 1861, No. 2,837.

The Commander in Chief of the Indian Navy in his letter to the Bombay Government of the 3rd May last, referred to me on the 27th idem, pointed out that there was no boat readily available at Cochin to assist vessels in distress, nor were there anchors or warps, one of the former having to be borrowed for the use of the Steamer "Plejad" till her own

2. I had the honor in my letter of the 28th June, No. 1,888, to explain how it was the Port boat was not used. It really is the case, however, that there are no anchors in store for use on sudden emergencies, and I solicit permission to purchase the four described in the margin for that Port, to which they can be sent by the "Coromandel" if the Government are prepared to pass early sanction to the measure.

3. Hawsers will be required for them hereafter, and a further communication will be submitted regarding them.

4. The expense of these anchors and warps has not been included in the Budget Estimate for 1861-62, but it can be met out of the Item for sundry charges in No. VII.
