Proceedings of the Madras Government, Marine Department,
7th November 1861.

No. 15. Read the following letter from J. J. FRANKLIN, Esq., Superintendent of Marine; to J. D. SIM, Esq., Secretary to Government, Marine Department, Fort Saint George, dated 7th October 1861, No. 2,780.

In the 8th paragraph of Extract from Minutes of Consultation, No. 174 of 31st July 1855, the Government directed that a Buoy should be laid down in the port of Cocanada to denote the limit of shoal water, as well as any other that might be required for the same purpose.

2. The subject appears to have been overlooked for a time, for on inquiry being made in 1858 as to what had been done, it transpired that no steps had been taken in the matter. Arrangements were subsequently made for the construction of the Buoy in the Dowlaishweram workshop, and I have now the honor to forward the bills for the expenses incurred, which the Collector of the Godavari District requests he may be authorized to pay to the District Engineer.

3. The actual outlay having been made in 1859 and 1860, the present payment will only be an adjustment and the amount has not been entered in the Budget Estimate for 1861-62.

No. 16. ORDER THEREON, 7th November 1861, No. 352.

Making a Bell Buoy	615	7	9
Repairing the Harbor Buoy	15	8	2
Rupees....	630	15	11

The Government sanction the expenses, six hundred and thirty-one Rupees, incurred in connection with the Buoy in the port of Cocanada, in view to the adjustment of the charge.

(Signed) T. PYCROFT,
Chief Secretary.

Exd. F. Cartledge.
