Proceedings of the Madras Government, Marine Department, 7th November 1861.

No. 17. Read the following letter from J. J. FRANKLIN, Esq., Superintendent of Marine; to J. D. SIM, Esq., Secretary to Government, Marine Department, Fort Saint George, dated 26th October 1861, No. 2,993.

I have the honor to forward the accompanying Bill described in the margin for the pay of certain watching Peons whom, under peculiar circumstances, it has been found necessary to entertain [illegible] while the Civil Paymaster informs me he cannot admit under the Orders of the Supreme Government, dated 14th February 1860, No. 1,534. These Orders are not in my department, nor do I find them in the Gazette; but it appears they forbid the entertainment of a temporary establishment without the sanction of the Government of India.

2 Peons for watching Government cargo at the Marine yard godown for September 1861 ...	Rs.	11	0 0
3 Peons for watching the coal inside the Town wall for do. ...	"	21	0 0

2. There are two distinct charges; one for two Peons to watch the Marine godowns at night when Government Stores are placed there pending delivery to the department to which they are consigned; the other for three Peons to watch the coal which has to be kept outside the godowns for want of room.

3. Before 1859 the Commissioner of Police was accustomed to supply Peons for guarding the Marine godowns when they contained Government Stores. In April of that year, however, he declined to continue this aid, and extra watching Peons had to be hired. Nevertheless it appears to me on considering the question that these extra men can be dispensed with as the Police Tannah is quite close to the godown; and I have directed the Master Attendant to discontinue them at the end of the current month, although I must add it is not with the concurrence of the Commissioner, who states that his Peons have their own particular duties to perform and cannot be employed in watching the place.

4. The other three men have been found necessary in consequence of the large accumulation of coal caused by the limited movement of troops by sea during the last year. This coal is heaped up close to the coal godowns on the north side of Black Town near the Railway, and in August 1860, two men were employed to watch it. In January 1861, the quantity having considerably increased, a third man was entertained, and I am of opinion that all three are necessary, although of course they will be discharged as the coal is supplied for use.

5. With the foregoing explanation I would solicit the sanction of Government to the disbursement of the charges now submitted and permission to continue the guard over the coal heaps till they can safely be dispensed with.

No. 18. ORDER THEREON, 7th November 1861, No. 353.

A copy of the Financial Proceedings of the Government of India, dated 14th February 1860, recorded in Proceedings 23rd March, No. 115, Financial Department, will be forwarded to the Superintendent of Marine.

2. Mr. Franklin will submit, for transmission to that Government, tabular statements in the usual form, for the watching establishments referred to.

3. Pending the sanction of the Supreme Government the Civil Paymaster will be authorized to pass the present Bills, and also the expense of maintaining Watchers at the coal heaps.

(Signed) T. PYCROFT,
Chief Secretary.

Sir

I have the honor to forward the accompanying bill described in the margin for the pay of certain (D) peons whom, under peculiar circumstances, it has been found necessary to entertain for a time which the Civil Paymaster informs me he cannot admit under the orders of the [illegible] 1860 No 1534. These orders are not in my department, nor do I find them in the Gazette, but it appears they forbid the entertainment of a temporary establishment without the sanction of the Government of India.

2 There are two distinct charges, one for

for two peons to watch the Marine godowns
night when Government stores are placed
awaiting delivery to the department
to which they are consigned: the other for
three peons to watch the coal which has
to be kept outside the godowns for want
of room.

Before writing to the Commissioner of Police
was accustomed to employ 5 peons for guarding
the Marine godowns while they contained
Government stores, for which of that year,
I obtained to continue this and,
as nothing appears to be fired.
Nevertheless it appears to me on consider-
ation that the number can
be dispensed with as the police tannah
is quite close to the godown, and I have
directed the Master Attendant to discon-
tinue them at the end of the current
month, although I must add it is not
with the concurrence of the Commissioner,
who states that his peons have their
hands full
