*Proceedings of the Madras Government, Marine Department,
26th April 1861.*

No. 62. Read the following Despatch from the Right Honorable Sir C. WOOD, Bart., Secretary of State for India, to His Excellency the Honorable the Governor in Council, Fort Saint George, dated London, 23rd March 1861, No. 12.

1. It frequently occurs that no bill of lading, or other advice, is sent from India with stores despatched thence to England; and, in consequence, great difficulty is experienced in settling the claim for the freight of such stores, and also much delay and unnecessary expense is incurred in landing them, and forwarding them to their destinations.

2. It is, therefore, requested that in future no stores or other articles be shipped for England without a bill of lading, or some similar advice, being forwarded of the transaction.

No. 63. ORDER THEREON, 26th April 1861, No. 152.

Communicated to the Superintendent of Marine. Mr. Franklin will report what stores are usually despatched to England, and under what arrangements.

(Signed) T. PYCROFT,
Chief Secretary.

*Proceedings of the Madras Government, Marine Department,
26th April 1861.*

No. 64. Read the following letter from J. J. FRANKLIN, Esq., Superintendent of Marine, to T. PYCROFT, Esq., Chief Secretary to Government, Fort Saint George, dated 19th April 1861, No. 1,125.

I have the honor to forward the accompanying bill for 12 Coir Hawsters required for warping vessels through the Paumben Channel, and to solicit the sanction of Government thereon.

2. The last supply which was obtained from Galle under the sanction of Government, passed in their Proceedings of the 12th August and 28th October 1859, Nos. 385 and 549, has been worn out, and those now charged for were absolutely necessary.

3. I beg to add an account of the receipts and disbursements in connection with the supply of warps and anchors at Paumben, from which it will be seen that without including the present charge there is a balance of receipts over expenditure of Rupees (1,428-2-7) one thousand four hundred and twenty-eight, Annas two, and Pice seven.

*Statement of receipts and disbursements on account of warps and grapnels for the
Paumben Channels.*
