*Proceedings of the Madras Government, Marine Department,
13th August 1861.*

No. 18. Read the following letter from J. J. FRANKLIN, Esq., Superintendent of Marine; to J. D. SIM, Esq., Secretary to Government, Marine Department, Fort Saint George, dated 12th August 1861, No. 2,288.

With reference to the Order of Government of the 9th Instant, No. 254, communicating the report of the "Dalhousie's" Engineers on the boilers of the "Governor Higginson," I have the honor to inform you that Messrs. Dymes and Co., the Agents of that vessel, have now represented that the defects therein pointed out have been made good, and that they are ready for examination. I have therefore to solicit that Commander F. W. Hopkins may be again directed to assemble a Committee of Survey on them and report whether they are in a fit condition for undertaking the voyage to the Northern Ports and Rangoon and back.

2. It may be that they have not yet been sufficiently repaired, in which case a further examination will be necessary, and to avoid another reference to Government it would be advisable that Commander Hopkins be requested not to dissolve the Committee until they have satisfied themselves that their recommendations have been carried out, or until the "Dalhousie" leaves port.

—

P. S.—Since the above was written Commander Hopkins has suggested that Mr. Nolan, a Mechanical Engineer of the Public Works Department, should be associated in Committee with his own Engineers.

—

No. 19. ORDER THEREON, 13th August 1861, No. 258.

Communicated to the Commander of the "Dalhousie." On the Committee of Survey stating finally that all necessary repairs recommended by them have been effected, Commander Hopkins will submit their report to Government.

2. The Chief Engineer will be requested to detach Mr. Nolan to join the Committee of Survey, whenever his attendance may be applied for.

(Signed) J. D. SIM,
Secretary to Government.

N^o 258- 13th August 1861. (2)

Communicated to the
Commander of the "Dal-
housie". On the Committee
of Survey stating finally
that all necessary repairs
recommended by them, have
been effected, Commander
Stoppins will submit their
report to Govt.

2. The Chief Engineer will be
requested to detach Mr. No-
lan to join the Committee
of Survey, whenever his ^{at} ~~the~~
^{attendance} service may be applied
for.
