

MADRAS RECORD OFFICE.

12

*Proceedings of the Madras Government, Marine Department,
9th August 1861.*

No. 12. Read the following letter from Commander F. W. HOPKINS, I. N., Commanding Her Majesty's Steam Vessel "Dalhousie," I. N.; to J. D. SIM, Esq., Secretary to Government, Fort Saint George, dated 9th August 1861, No. 155.

I have the honor to acknowledge the receipt of the Orders of Government, dated 7th August 1861, No. 252, and beg to enclose the opinion of the Engineers who have most carefully examined the Boilers of the Steamer "Governor Higginson."

To Commander F. W. HOPKINS, I. N., Commanding Her Majesty's Steam Vessel "Dalhousie," I. N., dated Madras, 8th August 1861.

According to your order of the 7th instant, we this morning proceeded on board the Steamer "Governor Higginson" to survey her Boilers, we have the honor therefore to make the following report for your information.

Port Boiler.

The tube plates at the back of the Furnaces are bulged outwards and sprung away from the tubes, they are also cracked in several places, the rivets of the uptake are much worn inside the Boilers.

Starboard Boiler.

Centre tube plate at the back of the Furnaces is much bulged and cracked in several places, the end of the tubes and ferrules much worn, the rivets and angleiron of the uptake are much worn inside the Boilers.

We are of opinion that it is unsafe for the vessel to proceed to sea until the Boilers have been thoroughly overhauled and repaired.

(Signed)	H. E. LAMBORN,	1st Class Engineer,	President.	
(")	F. N. R. NEWBERRY,	2nd do.		} Members.
(")	WILLIAM MACKIE,	3rd do.		

No. 13.

ORDER THEREON, 9th August 1861, No. 254.
Communicated to the Superintendent of Marine.

(Signed) J. D. SIM,
Secretary to Government.
