Thro'

The Collector of Malabar

&

The Head Assistant Collector of Malabar,

Sir,

With reference to G. O. dated 23rd April 1895, No 691 M. I have the honour to state that four Sites were Selected for new burial ground, and one of them was approved of by the District Medical and Sanitary Officer, Malabar during his visit to Palghat on the 21st May 1895. On the 31st May, all of them were inspected by the

Sanitary Commissioner who, while approving the Site proposed by the District Medical and Sanitary Officer, Suggested the Selection of Site situated west to the Kallikkad Road at a distance of 200 yards from that proposed by the District Sanitary Officer. The Site is the most Suitable one that could be Selected as a burial ground for the Moplas. In Submitting the estimates for fencing the Site, for laying it out with paths and for providing a musjid in it, I beg to Subjoin a resolution of the Council dated 7th August 1895.

Present.

"9. Read estimate for the construction of a mosque as called for by Government in para 1 of its order dated 23rd April 95, No. 691. M.

"The Council in Submitting a plan and estimate as required in G. O. dated 23rd April 95, No. 691. M., beg to mention that the estimate is prepared in accordance with the existing mosque at Big Bazaar. The Council further beg to observe that they are not in a position to erect a mosque for the Mapillas. Moreover they are not authorized to meet any Such expenditure under Section 113 of Act IV of 1884. The Council are prepared to acquire the Site Selected by the Sanitary Commissioner as a

"public burial ground for Moplas under
"Section 234 of the District Municipalities
"Act."

2. In conclusion, I beg to point out that, as stated in para 3 of my letter dated 29th September 1894, No. 2185 read in G. O. dated 13th November 1894, No. 1703. M. Mis, the Mapillas still view the action of the Council as an unnecessary interference with their religion. There would be no use whatever by the acquisition of the site if the Mapillas decline to use it as a burial ground. Under these circumstances I beg to suggest that the acquisition of the site may be deferred till the Collector or some other competent authority is requested to see the principal members of the Mapilla community and to arrive at an amicable understanding with them. I have taken the liberty to make this suggestion as I find that a similar course was adopted in the case of a burial ground in Mangalore, which the Mapillas objected to use, although it was provided for them. (vide G. O. dated 16th May 1894, No. 627. M. Local and Municipal.)

I have the honour to be,
Sir,
Your most obedient Servant,

Chairman.
