INDIA LIGHTS

(Madras Harbour)

Sir,

With reference to your letter (S.4354) of the 2nd instant, addressed to the Secretary of the Trinity House, enclosing an Indent for three Leading Lights for the entrance to Madras Harbour at an estimated cost of £100, I beg to acquaint you that I am of opinion that the Dioptric apparatus for these Lights should be of the 6th Order. It will be impossible for them to be fitted with burners to be in action 48 hours continuously without attention, as mentioned in the Indent. They will, however, be constructed as efficiently as possible, and have oil reservoirs of the greatest capacity for this size of Lantern. I estimate the cost of three such Lights, together with the necessary stores, at £160, and that the work will occupy about nine weeks to execute. Please inform me if the Lights are to be proceeded with.

I am, &c.,

(Sd) T. Matthews
