H.E. the Governor.

It is subd. that the temporary light shall be shown without delay. all ports cd. be directed to warn vessels and Colombo could also be asked to inform "foreign" vessels. It is not understood why the temporary light shd. be a red one - a white light wd. show further. It is surely preferable to have a new effective warning light than the existing light which cannot be seen before a vessel is on the Shoal.

J.S.B. 18/7/95. * Mr Ashpitel explains that the Hope Island light is a fixed white one

2. I would point out that it is not the Coasting traffic which is so liable to run on this shoal; but strangers, and ample notice is required or the light will prove a source of danger.

3. Should Government still wish the temporary arrangements mentioned in their order above quoted being carried out, the matter shall receive immediate attention; but I think it my duty to bring to their notice the reasons stated for not doing so.

I have the honor to be,
Sir,

Your obedient servant,

Walter Powel

Commander R. I. M.
Presidency Port Officer.

PRESIDENCY PORT OFFICE,

Madras, *16 July* 1895.

Heading.

Lights

From *Commander W. J. Powell R. I. M.*
~~THE~~ PRESIDENCY PORT OFFICER,
MADRAS,

To
THE CHIEF SECRETARY TO GOVERNMENT,
MARINE DEPARTMENT,
FORT ST. GEORGE.

SIR,

With reference to G. O., No. 211
dated 13th July 1895, I have the
honor to state that, in my opinion,
it is most inadvisable to make the
proposed change at Calingapatam
and to exhibit a light near the
Sacramento Shoal without issuing
some notification previously.
Provided the Public Works Department
can guarantee the completion of the
temporary structure by the middle
of September, a notice might issue
at once to the effect that a temporary
fixed red light will be shown
from the Sea-Shore opposite the
Sacramento Shoal from October 1st,
and the fact telegraphed to the
Home Authorities.
