work will be still further increased when additional head-moorings are put down as intended.

The Chairman therefore recommends that the increase, which is approved by the Bd, may be granted with Effect from the date on which the first additional head-mooring is laid down, which will probably be "in the course of next month". It is stated by the Chairman that Rs 15,000 has been provided for "Moorings" in the Port Fund Budget for 95-96 This however is not shown there in detail

It is submitted that under the circumstances stated sanction may be accorded

I would, therefore, submit that the increase approved by the Board might under these circumstances be granted with effect from the date upon which the first additional head-mooring is laid down, which will probably be in the course of the next month, after which the others sanctioned can be rapidly placed in position.
