

Board of Trade,  
(Finance Department),  
7 Whitehall Gardens, London, S.W.  
8th November 1894.

Sir,

I am directed by the Board of Trade to transmit, herewith, a statement of expenses incurred by this Department in the relief of a distressed native of British India named Sheik Goord Ramaya, late of the ship "Lanark" and to request that you will be good enough to move the Secretary of State for India to direct that the sum of three pounds, five shillings and four pence be transferred to the credit of this Department in the usual manner.

The above mentioned Lascar (a native of Madras) shipped in the "Lanark" at Bombay on the 5th March 1894, and was discharged at Havre in April 1894, on the ground of sickness and inability to proceed on the voyage. The balance of wages due was paid by the Master of the vessel and has been applied towards the expenses incurred on the Seaman's behalf.

I have, etc.,

(Sd) Cosmo Monkhouse.

India Office,

17 Chapter XI Vol. I P. W. Code, but under the Government of India ruling contained in G.O. No. 625 W dated 6 March 1894, the limit need not be enforced in the case of residences constructed or purchased from Included Local Funds.

3. In the rent statement submitted by the Superintending Engineer, the rate to be charged to the occupant is given as Rs 28 per mensem or 8 per cent of salary. The limit of 8 per cent however only regulates the capital outlay admissible under para 17 Chapter XI of the Code. The actual rent to be charged will under Rule II para 28 of the same chapter be 10 per cent of salary.

Mr. A. said this particular house has supposed to be unhealthy - but he does not emphasize the report. On the other hand the Engineer says it is a brick building & in regard to site is not worse located than other houses in the Fort & wh. no objections are raised -

Proposal to purchase Mr. Maiden's house at Masulipatam as a residence for the Port Officer.

Please see the type-written note with G.O. dated 2nd December 1893, No. 423, and the order itself.

There was a proposal to rent the identical house /G.O. 369/ but it fell through as the Executive Engineer reported that the house was not suitable for the occupation of the Port Officer. He stated that "the site and surroundings of the house are also reported to be unhealthy and noisy both night and day" /G.O. 70 1893/.

Mr. Arundel stated that the house was reported unhealthy as it was near a spot which was understood to be the grave of victims of the cyclone of 1864" /C. 910 in G.O. 423 of 1893/. Now, both the Executive and Superintending Engineers strongly recommend that the house be purchased and the Presidency Port Office supports them.

Orders are requested whether the District Medical Officer <sup>has</sup> been directed to report <sup>by</sup> wire on the sanitary condition of the house and its surroundings and considers it suitable for the P.O.'s residence
