Minutes of a Special Meeting of Members of the Godavari District Ports Conservancy Board, Cocanada, held in Port Office, Cocanada, on Saturday the 26th October 1895, at 7-30 A. M.

Present:

A. Gardiner, Esquire, — Member.
H. R. Scott, Esquire, "
M. R. Ry. Nalam Padmanbham Garu, Member.

Mr. Gardiner was elected to the chair.

SUBJECTS.

Read correspondence received from the Presidency Port Officer, Madras, relative to the ground within Port limits, taken by the East Coast Railway.

As both the Chairman and Vice-Chairman are absent from Town, and as the subject is a very important one, the meeting consider that it should be disposed of only at a full attendance of members. The matter is accordingly postponed, and the Port Officer is requested to wire to the Presidency Port Officer to this effect. A special meeting should be called as soon as the Chairman or Vice-Chairman returns, and Mr. Baxter, should be asked to attend.

(Sd.) A. GARDINER,
Member in the Chair.

7. Read Port Fund and Landing and Shipping Dues accounts for August and September 1895.
Recorded.

Sanctioned.

10. Proposed by the Deputy Conservator of the Port that a place be appointed for landing and shipping bones, coral and other obnoxious articles under the notification in *Port Saint George Gazette*, No. 393 of 3rd November 1893.

13. Read copy of letter from the Manager, East Coast Railway, No. 7151, dated 31st August 1895, received from the Collector, also the Deputy Conservator's report thereon.

The letter of the East Coast Railway is satisfactory as far as it goes. The Board note that the Manager has no wish to interfere in any way with their right and duties, and that he is prepared to give every facility for the storage of material for Port improvements. The Manager, however has omitted to state for the information of Government that the land he wishes to take up contains the only road by which the people of Cocanada have access to the Beach, Sullivan's road is largely used, and much appreciated, and the Board think they would be failing in their duty to the town if they did not make it a condition of the surrender of the land, that a new road should be constructed by the Railway to replace Sullivan's road they wish to absorb. There are no difficulties, that the Board can see, in the way. A large stretch of waste land is available north of the line and the Board besides have good reason to think that the Manager is ready to meet them in this matter.

14. Board to be asked to fix rate of hire for large winch and two anchors.
10 per cent of cost price for one month, and one rupee per day afterwards.

(Sd.) J. INNES,
