Read—again G.O., dated 7th January 1895, No. 14 W., Public Works.

Order—dated 5th February 1895, No. 285 W., Public Works.

Presidents of District Boards and Superintending Engineers have, in accordance with G.O., No. 525 W., dated 28th February 1893, submitted their budget estimates of works under Incorporated Local Funds for 1895-96. The allotments for "Works" and the charges for "Establishment" and "Tools and plant," amounting in all to Rs. 77,626, have been approved by the Local and Municipal Department and the budget estimate has been prepared accordingly.

2. Under Excluded Local Port Funds, the total demands for "Original Works" and "Repairs," as brought forward by Superintending Engineers and the Presidency Port Officer, amounted to Rs. 1,26,190 and Rs. 2,500 respectively. The amount assigned by the Financial Department is Rs. 75,700 only for the two major works noted in the margin. Funds for "Minor Works" and "Repairs" will, it is intimated, be granted on application during the course of the year. The budget estimate has therefore been prepared for the amount allotted, viz., Rs. 75,700.

Purchase of Mr. Maiden's bungalow as a residence for the Port officer at Masulipatam.
Pier at Tuticorin.

3. The Superintending Engineer, VI Circle, will arrange for the early submission, through the Presidency Port Officer, of the plan and estimate for the pier at Tuticorin which have been returned for revision.

4. In submitting their statements of demands for "Minor Works" and "Repairs" under Excluded Local Port Funds, Superintending Engineers will furnish details of the works proposed to be carried out in order that the Financial Department may be in a position to decide the sources from which allotments should be made.

5. In Public Works Department memorandum No. 3950 C., dated 7th December 1894, the Registrar of the University of Madras was requested through the Educational Department to place a sum of Rs. 2,500, or Rs. 3,113 inclusive of percentage charges, at the disposal of the Public Works Department, for repairs to the Senate House at Madras. The amount has not yet been made available and no provision has therefore been made for the work in the preliminary budget. The amount will be included in the final issue of the budget if provided in time.

6. The budget estimate of receipts for 1894–95 under Incorporated Local Funds was fixed at Rs. 8,000. The revised estimate has been increased to Rs. 16,000 on consideration of the actuals for the first five months of the year.

7. The difference between the budget and the revised estimates of charges for 1894–95 under Incorporated Local Funds is due to additional grants sanctioned for works undertaken during the course of the year.

8. The budget estimate of charges for 1894–95 under Excluded Local Funds was prepared for Rs. 1,82,887. The revised estimate has been reduced to Rs. 1,70,564, a portion of the allotment for the pier at Tuticorin having been surrendered.

9. With these remarks the preliminary issue of the Incorporated and Excluded Local Funds budget estimates for 1895–96 will be printed and circulated to the officers concerned for information and guidance and four copies will be forwarded to the Government of India, Public Works Department.
