Madras, 22nd March 1895.

F.W.AShpitel Esquire,

Executive Engineer, on special duty,

Marine Department.

To

The Chief Secretary to Government.

through the Presidency Port Officer.

Sir,

With reference to G.O.NO 538.W.dated 7th March 1895, Public Works, I have the honor to inform you that it appears to me that there is but little probability of the proposed new light house at Tirthalamondi being completed for a considerable time and would suggest that a light might, with advantage, be temporarily established on the main land opposite the Sacramento Shoal.

(2) The fourth order port light which will be available when the new light at Calingapatam is brought into use would answer for this purpose and might be exhibited from a mast 20 feet high with hoisting gear and a cabin into which the apparatus could be lowered during the day and for cleaning and lighting purposes. The cabin could be constructed of corrugated iron and might be either circular or rectangular and the ^{mast} pole either an old rail or a telegraph post.

(3) I estimate that this light would have a minimum range of 9 miles which appears to be sufficient to efficiently mark the shoal.

(4) The establishment, which may consist of two keepers, will require to be huttred.

I have the honor to be

Sir

Your most obedient servant,

W.Ashpitel

[Despatch Abstract.]

Directing the P. P. Q. to take the requisite steps to give effect to the suggestion of Mr. Ashpitel that, as there is but little probability of the proposed new light house at Tirthahoundia being completed for a considerable time, a light may be temporarily established on the main land opposite the Sacramento Shoal.

BACK PAPER, No.

OF 189

Kistna Collector's Office.
Masulipatam.
Dated 22nd February 1895.

From J. N. Atkinson Esquire.
Collector, Kistna.
To The Chief Secretary to Government,
Marine Department,
Madras.

Sir, I have the honour to request that I may be permitted to grant copies or otherwise make public the correspondence ending with G.O. 416, Marine, dated 31st October 1894, on the subject of the possibility of making a harbour at the mouth of the Upputem river. I have referred to the matter in casual conversation with my friends, some of whom seem inclined to investigate the project further. I presume that Government would have no objection to any action in that direction by private enterprise.

I have the honor to be,
Sir,
your most obedient servant
W. H. S. S. S.
For collector.
