No. 29, MARINE, 22ND JANUARY 1896.

GOVERNMENT OF MADRAS.

MARINE DEPARTMENT.

READ—the following paper :—

From Commander W. J. POWELL, R.I.M., Presidency Port Officer, Madras, to the Secretary to Government, Marine Department, dated 11th January 1896, No. 956/11 G.

I have the honour to state that the present charge for storing cargo on the beach at Tuticorin is found to be so low (annas (2) two per seven days for every 100 square feet—*vide* G.O. No. 324, Marine, dated 6th September 1893) that consignees, in preference to warehousing, keep their bags stored on the already too limited space until they dispose of them in small portions by sale, and so long as the rates above mentioned are paid, the Port Officer has no power to compel the removal of the goods. To meet this difficulty I recommend, for sanction of Government, the following enhanced rates which have been proposed by the Port Officer and approved of by the Collector, viz. :—

- (a) For storing cargo other than timber or firewood before shipment or after landing, Rupee (1) one for every 100 square feet per week.
- (b) Treble rate for every seven days after the first seven.

ORDER—No. 29, Marine, dated 22nd January 1896.

The following will be published in the Fort St. George and Tinnevely District Gazettes :—

SIR,

I have the honor to state that the present charge for storing cargo on the beach at Tuticorin is found to be so low (annas (2) two per seven days for every 100 square feet — vide G. O. Marine No 324, dated 6th September 1893) that consignees, in preference to warehousing, keep their bags stored on the already too limited space until they dispose of them in small portions by sale, and so long as the rates abovementioned are paid, the Port Officer has no power to compel the removal of the goods. To meet this difficulty

I recommend for sanction of Government the following enhanced rates which have been proposed by the Port Officer and approved of by the Collector, viz:—

- (a) For storing cargo other than timber or firewood before shipment or after landing, Rupee (1) one for every 100 square feet per week.
- (b) Treble rate for every seven days after the first seven.
