beg that you will be good enough to give me full instructions as soon as possible.

(3) I have secured a passage, after great trouble, by the P & O "Caledonia" leaving Bombay on the 2nd May, and I trust it may be convenient to allow me to proceed to Bombay direct from Madras.

(4) I wish my subsidiary leave to count on from the 22nd April - 96, and, in case the 10 days thus provided will not be sufficient for me to go to Madras, settle all matters there, and reach Bombay in time (say on the 30th April) to catch the steamer, I beg you will point out how I am to act. I have a month's privilege leave due.

Post Office

With the cognizance of the head of his office, or if he is himself the head of the office, of the head of his department: the applicant must present himself with 3 copies of the statement of his case in a cover sealed by his medical attendant at the seat of the Government under which he is serving, or at such other place as may be appointed by that Government where a committee of medical officers can be assembled under the orders of the Surgeon-General. The board should see that the applicant fulfils these conditions.

Before deciding whether to grant or refuse the certificate the medical board may in a doubtful case, detain an applicant under professional observation during a period not exceeding fourteen days.

If it can be avoided, the medical attendant on a case should not be a member of the board which considers it, and under no circumstances can he sit as president. He should, however, be required to attend the board to furnish any information whenever his presence is considered necessary.

The medical board, after a careful examination of the officer, and consideration of the medical attendant's statement of the case, will record in the proceedings as follows:—

(a) Whether change of climate in or out of India is necessary.

(b) The period of absence recommended in or out of India, care being taken that leave in excess of the period to which the sick officer is entitled by regulations is not recommended.

(c) In the case of an officer requiring furlough or leave of absence owing to illness caused directly by intemperance, the medical board, whilst recording their opinion, will confine their recommendation to the officer appearing periodically before fresh boards, or to the treatment of the case as one of discipline, whichever may be deemed necessary.

In urgent cases when a medical board considers it absolutely necessary that an officer recommended for change of air, either in or out of India, should proceed in anticipation of sanction, a recommendation to that effect should be made in the proceedings.

Sir

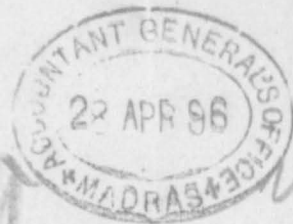

I have the honor to make application for six months leave out of India on medical certificate, and to enclose a certificate granted by the District Surgeon of Ganjam, setting forth my case etc.

(2)

I have been hitherto under the impression that this certificate would enable me to obtain the necessary leave through the Head of my department, or should have submitted my application before; but the District Surgeon informs me I shall have to appear before a Medical Board in Madras, as soon as ordered by you, and, as I am quite ignorant of the procedure to be adopted in my case, I beg
