Corrections to Marine Regulations, Volume II, Hired Transports.

Appendix XXXI.—Under "General Remarks" enter the following paragraph:—

10. Each man of the "guard" (including sentries) but not the "watch" on board vessels conveying troops will receive, at the discretion of the Military Commanding Officer, at about 4. A.M. daily, half a pint of chocolate (equal to $\frac{1}{2}$ oz. of soluble chocolate) with $\frac{1}{4}$ oz. of sugar.

It is not intended that the issue will be required every day, but generally speaking only in non-tropical climates and in inclement weather. Whenever it is considered desirable to make the issue, a statement is to be given on the forenoon of the previous day to the captain or master of the vessel of the number of men for whom the ration will be required.

If chocolate is not procurable in troop freight ships, tea or coffee will be substituted.
