PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following

Letter from the collector of South Canara,
No. 670/Eng dated 30th March 1896.

With reference to the correspondence
in re residence for the Port Officer at Mangalore,
I have the honor to inform you that the Sub
Divisional Officer now recommends that
acquisition be deferred pending further
inspection by the Executive Engineer on
account of cracks in the walls of the house
and in the northern revetment by which
the basement is supported.

2. These cracks appeared four days
before the 24th instant on which day they
were pointed out to Captain Simpson.

3. It has also been found that walls
supposed by Mr. Vas to be laterite are only
of mud. They are dividing walls but they
probably bear part of the weight of the roof.
The Sub Divisional Officer requested the

Local Fund Engineer to accompany him
when he inspected the building to day.

Endorsement thereon by the Superin-
tending Engineer 4th Circle N^o. 173/w. dated
21st April 1896.

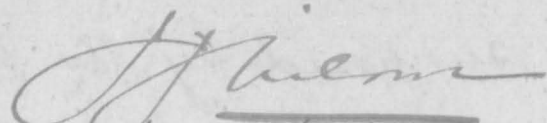

Copy Communicated to the
Chief Engineer P.W. & with reference to this
Office N^o. 393/w dated 15th October 1895. Further
question of purchase may be deferred till
after the monsoon.

Order thereon: No 1426 Wdy 5th May 1896.

Communicated to the Marine
Department, with reference to G.O. No. 28.
Marine dated 22nd January 1896.

2. The Suggestion in the Superintending
Engineer's endorsement to defer purchase
of the building is approved.

(True Extract.)

Under Secretary to Govt.
P.W. &

To

The Marine Department.
