## PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following

Letter from the Presidency Port Officer,  
Madras, No:  $\frac{1271}{62}$  P.W. dated 24<sup>th</sup> April 1896.

With reference to the structures re-  
quired for the Lights to be exhibited at the  
places marginally specified (vide G.O. No: 245,  
Marine dated 8<sup>th</sup> April 1896). I have the honor  
to beg that the requisite plans may be pre-  
pared as soon as possible.

Alki (Mainland)  
the Point  
Anapand.  
int. Calimere  
new Pagodas  
Point Division. 2.

It appears to me that in view of the  
difficulty attending the erection of stone or  
masonry towers at such out-of-the-way  
places screw pile structures would be  
preferable, and perhaps more economical.  
On this point Mr. Ashpitel might be  
consulted.

3. It is important that no delay  
should occur in commencing the con-  
struction of the structures required for the  
new Lights especially in the case of the new  
Light to be exhibited on the Mainland

Off

off the Mulki Rocks, as this Light is in-  
tended to supersede, to some extent, the  
Light now exhibited at Mangalore -  
which will be removed to a lower situa-  
-tion.

Order thereon: - No. 1445W dt 7<sup>th</sup> May 1896  
Communicated to

Superintending Engineers concerned  
for early necessary action.
