Sir,

With reference to erratum in the schedule of rents on the Port land published at page 220 of the Fort St George Gazette of the 11th February 1896 part I we, confirming our telegram of yesterday, beg respectfully to bring the following for your favourable consideration and justice.

- The rent sanctioned and published at page 906 of the Fort St George Gazette of 8th Aug 1893 is solely intended for lands on the beach taken up for storing cargo between Madras Bank wall and the Port Flag staff. Generally in this too limited space only the cargo is always stored as it is situated near the wharf (South Jetty).
- no inconvenience whatever is felt at present for want of land as the same is vastly extended and reclaimed.
- We are shipping Government salt to Straits Settlements and that too is very seldom and for depositing same before shipment we use that part of the Port land which is not at all used by other merchants for

Sir,

With reference to the enclosed
correspondence herewith returned I have
the honour to state that in my opinion
no exemption should be allowed in
favour of salt and I do not consider
that the arguments put forth by Applicants
show cause for any exemption, at the
present moment salt belonging to them
is stored in the beach close to the Jetty
on land that would otherwise be taken
up by cargo.
