DESPATCHED
7- JUL. 96

Letter from Messrs. Burhett and Sons, dated 27th April 1896:-

We have the honour to acknowledge receipt of your letter No. 101 M, dated 25th April 1896, relative to the proposed wall in front of the Tellicherry Custom House and Flagstaff and to a small extent in front of the premises occupied by us as offices.

With reference to the request that we should show cause why the cost of the sea wall which will protect the premises in question should not be borne by us, we ^{would} ~~should~~ (1) point out that the premises do not belong to us. We are merely tenants. (2) The sea wall as originally proposed to be constructed would, we are pretty certain, have caused damage to the foundations of these premises, and therefore we think it is only reasonable Government should do what is necessary to prevent the risk of such damage by constructing their proposed addition.

Endorsement thereon by Mr F. Furnivall Esquire, Assistant Engineer, P.W.D., No. 254 E, dated 5th May 1896:-

Forwarded to the Executive Engineer for information with reference to Chief Engineer's Note in G.O. No. 882 W, dated 11th March 1896.
