PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following
From the Presidency Port Officer, Madras, No. 1391/205 G, dated
18th June 1896:-

I have been in communication with the Officer in charge of the office of Consulting Architect to Government since 28th February 1896, regarding certain repairs and alterations I desired effected to the Port Office building, and I am only now informed by him that, as the cost of these repairs and alterations will exceed Rs. 500, the sanction of Government to the preparation of an estimate by him for the same is ~~now~~ necessary, and I beg that the necessary instructions may be given, as soon as possible, as there are a number of defects which require immediate attention and which have increased in number in consequence of the great delay that has occurred. I would point out that it was not until several estimates had been prepared and forwarded to me, and which I had to return owing to their incompleteness, the Officer in charge of the office of Consulting Architect to Government informs me that he is unable to prepare an estimate for work likely to cost over Rs. 500 without the sanction of Government.

Endorsement in the Marine Department No. 322 E, dated 22nd
January 1896.

Order thereon: *No. 19474, d. 3rd July 1896.*

Communicated to the Consulting Architect who
will prepare the required estimates.
