Read the following:-

From the Presidency Port Officer, Madras, No. 137/259 G.,
dated 5th August 1896:-

In G.O. Marine, No. 374 dated 18th September 1894, (Public Works G.O. No. 2177 W., dated 3rd idem) the sum of Rs. 1,380 was sanctioned for reconstructing the Deputy Telegraph Master's quarters at Pamban in connection with the construction of an office for the local Port Officer. The Superintendent of Telegraphs having recently inspected the quarters, suggested the addition of two bath rooms and verandahs and sundry smaller improvements which, I find, have been sanctioned in G.O., Public Works, No. 1406 W. of 2nd May 1896, to be carried out. The Superintending Engineer, VI Circle, has accordingly sent to me a revised estimate amounting to Rs. (2,070) two thousand and seventy, to cover the cost of the additional works, and, at his request, I have returned the estimate to him countersigned for the excess difference of Rs. 689. I beg that an early allotment may be made of this sum which is made up as follows:-

For works (being difference between original and revised estimates)	Rs. 690.
Establishment and Tools and Plant.	" 100.
Total	Rs. 850.

Endorsement thereon in the Marine Department, No. 406 E.,
dated 19th August 1896.
