Read the following:—

Letter from the Chairman Harbour Trust Board, Madras,
 No 4001 dated 27 January 1896.

FOR ORDERS.

In his letter No 907 dated
 16 November 1895 the President
 of the Madras Municipal
~~Commission~~ ^{Commission} draws the attention of
 the Harbour Trust Board to the
 large quantity of sand lying be-
 tween the outlet of the main
 drain near the Fort and the
 margin of the sea, and requests
 that the open drain built by the
 Harbour Trust Board under
 G.O. No 3305W dated 13 December
 1890 may be extended by
 another 250 feet, as the labour
 and expense of keeping open
 and free so great a length
 of channel, formed entirely in
 the sand, falls heavily on the
 Municipality.

2. The Chairman of the
 Harbour Trust Board now submits
 for the orders of Government
 a Resolution of the Board
 objecting to pay for any—

Further extension of the Fort
outfall drain.

3. No reason is assigned for
the decision arrived at by
the Board.

4. It will be observed from the
correspondence quoted in the
margin that the extension of
this drain has been rendered
necessary owing to the ac-
cumulation of sand caused
by the construction of the harbour
piers, and that the Government
decided that the cost of
extending the drain should
therefore be met from Harbour
Works funds. Previous extensions
have accordingly been so paid
for. The Harbour Trust Board
may perhaps be asked to state
the grounds of their objection
to pay for the further extension
now proposed.

Madras Municipal Commission

To The Chairman
Harbour Trust Board

Sir,

I have the honour to
draw your attention to the large
quantity of sand lying between the
outlet of the Main drain near the
Fort and the margin of the sea,
and to request that the open
drain built by the Harbour Trust
Board under G. O. No 3305 W, Public
Works, dated 13th December 1890
may be extended by another
250 feet at an early date,
as the labor and expenses
for keeping open and free,

So

So great a length of channel
formed entirely in the sand,
falls heavily on this department.

I have
