Sir,

In continuation of my telegram of yesterday's date (copy enclosed), suggesting enforcement of quarantine on account of the existence of bubonic plague in Bombay, I have the honor to state, for the information of Government, that, with a view to the suspected cases, if any, being detected, arrangements have already been made for the medical inspection of all vessels calling at the port of Mangalore from Bombay and an inspection is accordingly made of every vessel so arriving and every passenger on board such vessel is also inspected before being allowed to land - I am happy to say that no cases even of suspected plague have up to this come to notice -

I have the honor to be,
Sir,
