In Orders

The amount in this case is small, and may perhaps be sanctioned irrespective of the question whether the restrictive orders of the Govt of India apply to Port Funds. The Presidency Port Officer has raised the general question in a separate letter, which has been referred to the Financial Department.

SUBJECT.

The order proposed applies to Port Funds. The difficulty of the P. of I. at present is that actual cash is short in the treasuries, so that the fact of the fund to which expenditure is to be debited being an included one makes no difference at all. It is as difficult to find the money from one source as from another.

Stating that the Government of India order applicable only to Provincial Revenues and requesting sanction for the expenditure proposed in No. $\frac{1271}{387}$ G of 24.10.96

To

The Secretary to Government,

Chepak.

Sir,

With reference to Marine Department Memorandum No. 620, E, dated 30th November 1896, I have the honor to state that the Government of India order prohibiting avoidable expenditure, it is presumed, applies only to Provincial Revenues, and not to the Port Fund which is an Excluded Local Fund maintained by the levy of Port Dues on shipping for the purpose of meeting Port requirements. I think therefore that the expenditure proposed in this office letter No. 1271/387, G, of 24th November 1896 may be sanctioned from Port Funds. The reasons I would urge in support of the expenditure are the same as would be advanced in support of any expenditure in connection with affording protection from Lightning.

I have the honor to be,

Sir,

Your Obedient Servant,

for Presidency Port Officer.
