2. The District Medical and Sanitary officer, South Canara, reports that hospital assistants were posted on plague duty to these ports with the sanction of the President, District Board, and that their duties are—

(a) To go on board the steamer (Messrs. Shepherd & Co) which runs triweekly between Bombay and Mangalore touching each of the ports, and to inspect the vessel, its crew and the passengers with a view to detect any cases of plague.

(b) To examine all passengers that land at those ports, disinfect their clothes, luggage, &c., and to keep them under surveillance for one week.
