The paper may perhaps be laid before Govt with a suggestion that it be "Recorded", and with the remark that if the Presidency Port officer has any fault to find, it should be with his own subordinate, the Port officer, Vizagapatam. There was nothing wrong in the S. E.'s action. He simply communicated to the head of his Dept. certain information which had been given to him officially.

It is submitted that if the Presidency Port officer has any fault to find, he should attribute it to his own subordinate, the Port officer, Vizagapatam. There was it is thought, nothing wrong in the Subordinating Engineer's action. He merely communicated to the head of his Department certain information connected with his duties which had come before him officially. The Presidency Port officer's letter may thus perhaps be simply recorded.

FROM

Commander H. A. Street, R.I.M.,
Presidency Port Officer,
Madras.

To

The Secretary to Government,
Marine Department,
Chepak.

Sir,

Sir,

With reference to the letter of the Superintending Engineer, 1st Circle, No. 805 V.Z. dated the 29th January 1897, embodied in G.O. No. 161, Marine, dated 25th February 1897, I beg to point out that the Port Officer, Vizagapatam, has no authority over the Port Officer, Bimlipatam, and therefore any question connected with the latter officer should have been forwarded to me, as Presidency Port Officer, by the Superintending Engineer, for my opinion. I presume that under the circumstances the Government will agree with me in considering that the opinion of the Port Officer, Vizagapatam, should not have been quoted by the Superintending Engineer, and that the question as to the necessity or not of a house for the Port Officer at Bimlipatam is not to be considered settled.

I have the honour to be,

Sir,

Your Obedient Servant,

Patheol

Comdr:, R.I.M.,
Presidency Port Officer.
