Ordered that the
following telegram be sent
to the Collector. South
Canara.

From Madras Marine
To Collector South Canara.
Mangalore.

Shepherd and Co. Telegraph
as follows from Mangalore.
begins. Civil Surgeon here
has instituted seven days
quarantine against passen-
gers arriving from Bombay
for and North Canara
ports. We consider time
excessive and especially
hard on North Canara
passengers as no infectious
disease there. In interests of
travelling public as well
as our hon we pray that
conditions may be modified.
Ends - Please inquire and
report.

There was at
Ratnagiri.

Quarantine at Mangalore

It had been
the subject of
the Committee

The Hon. Mr. Phipps

For orders.

Butter repeat Shepherd's
letter to Col. task him
to report. The Health officer
certainly seems to be going rather
far.

RS
137897

Xide Gazette of 12 Feb 97
in file.

Quarantine now
exists against sea and
all ports in Seinde and in
the Bombay Presidency,
but the Health officer at
Mangalore hardly seems
justified in detaining
all passengers from those
places when there have
been no cases of plague
on board. Rule III says
that "privileges may be
granted at the discretion
of the Health officer" and
he seems to be exercising
his discretion by detaining
everybody who lands.
