The Surgeon General as-
sumes that Civil Apothecary
M. Green, having been ap-
pointed health officer at
Ceylon, no further action
is needed. But the notifica-
tion already issued limits
to Civil apothecary's powers
vessels leaving that port
for Ceylon only, as shown in
the accompanying statement
item 1. Similarly, the health
officers appointed at the
other ports shown in Col: (1)
have their powers restricted
to the ports shown in Col: (2).

2. It will be seen from a
set of rules from Ceylon
circulated yesterday that
all ports in Southern India^s
are assumed by the Ceylon⁹⁶
Government to be infected.
It would thus perhaps be
well to extend the powers
of health officers as proposed
in para. 2 of the draft
notification above.

3. It is understood that
health officers were also ap-
pointed by the Public Dept:
at certain out ports several
years ago - what these ports
are I have not yet ascertain-
ed, but am now in com-
munication with the
Chief Secretary on the subject.
It would thus be well to
include these officers also,
as proposed in the draft
notification.
